
SEVEN-UP SALAD

Emily Frazer

1 sm. pkg. Jello (any flavor)
1 sm. ctn. Cool Whip (allow to soften)

Some kind of canned fruit (to correspond with Jello)
1 sm. bottle 7-Up (1 c.)

Prepare Jello as directed on package, except use 1 cup 7-Up in place of cold water. The Jello will be a milky substance. Allow Jello to partly mold, then add Cool Whip, stir to a smooth consistency. Add fruit. Pour into mold and allow it to stand overnight. Remove from mold and prepare as you wish, decorations, etc.
